Sorting practice

Question 1.

(a). Sort the following list using bubblesort. Each iteration, circle the two elements which are compared.

L = [20, 14, 7, 8]

| 20 | 14 | 7 | 8 |
(b). Sort the following list using selection sort. Each iteration, circle the two elements which are compared.

$L = [20, 14, 7, 8]$
