Homework 6 Examples
(selected by Farida)
Christine

What did Barack Obama say to Michelle when he proposed?

I don't know? What?

I don't wanna be Obama self.
Howdy there, you look like you could be a friend o' mine right quick

Oh my, but I didn't see your beautiful self sitting right over here...

Well thankfully, the town IS big enough for the two of you!
Eve

Tiger: Never trust an atom

Lion: Why?

Tiger: They make everything up
What's the difference between a well-dressed unicyclist and a poorly dressed biker?

What?

A tire!
Hey buddy, where is your flamboyant plumage?

Nah, I rid it.

Why?

You know, just to be 'cool'.
Why the long face?

Haha. Very original.

Dude, I totally just did.

Dude.

I'm just kidding. Your face is actually pretty round.

So is yours.

Dude, I love you.

Dude.

That's because our creator can't draw well.

Dude, I think you just broke the fourth wall.

Dude. I love you too.
Ojaswi

The Owl and the Ladybug

Owl always love you.

Stop bugging me

You're such a hoot

-.-
What is Grey, Blue and Very Big?

What?

An Elephant holding it's breath

Ha ha ha ha

Wait...
Elly

Robot: What are you doing here?

Bug: ?

Bug: I thought I debugged my program!
Molly

**Why did the programmer get stuck in the shower?**

**I don't know, why?**

The shampoo bottle said "Lather, Rinse, Repeat!"
A dragon is not a slave
You speak Valyrian?
I am Daenerys of the House Targaryen
Valyrian is my mother tongue
Kill her! Kill her!
Physics Example: Projectile class
Given initial velocity, height, and angle, how can we determine how far the projectile went? (i.e. $R$ in the picture)
